The Sommeliers Selection is the first South African wine competition judged solely by a panel of South Africa's Top Sommeliers, in categories moulded around those of a 'wine list'.

It is young, plugged-in and targets the everyday wine drinker through new and innovative ways, including a strong social and traditional media campaign, neck tags and bold stickers on every winning bottle.

Although The Sommeliers Selection is fresh, new and different, we are serious about wine and guarantee the highest standard of audited judging criteria. Winning wines, referred to as 'Listed Wines' are listed on the sought-after Sommeliers Selection wine list.
